

Alfa Chemicals

The Project

Working with a local fit out company Sygnus was invited to specify new furniture for the refurbishing of Alfa Chemicals existing office space.

The intention was to offer an open, bright and flexible work space where desk space and storage requirements were important aspects to consider.

We recommended a German desking and storage range that offered a high quality product at a sensible price and allied this with UK made seating. The boardroom furniture was carefully sourced as a modern, fresh image was desired.

Break out space was provided by mixing modern soft seating with bright colours designed to complement the rest of the office.

We continue to support Alfa as they grow and work with them to meet the demands of the changing needs of their business.

Services Provided

Industry sector

Pharmaceutical

Location

Bracknell

Project year

2015

Budget cost

£60,000

Project timeline

3 months

- Space planning/mood board and design consultation
- Onsite consultation to check CAD plans
