The Project

We were tasked with providing a flexible working space utilising the existing office and breakout design.

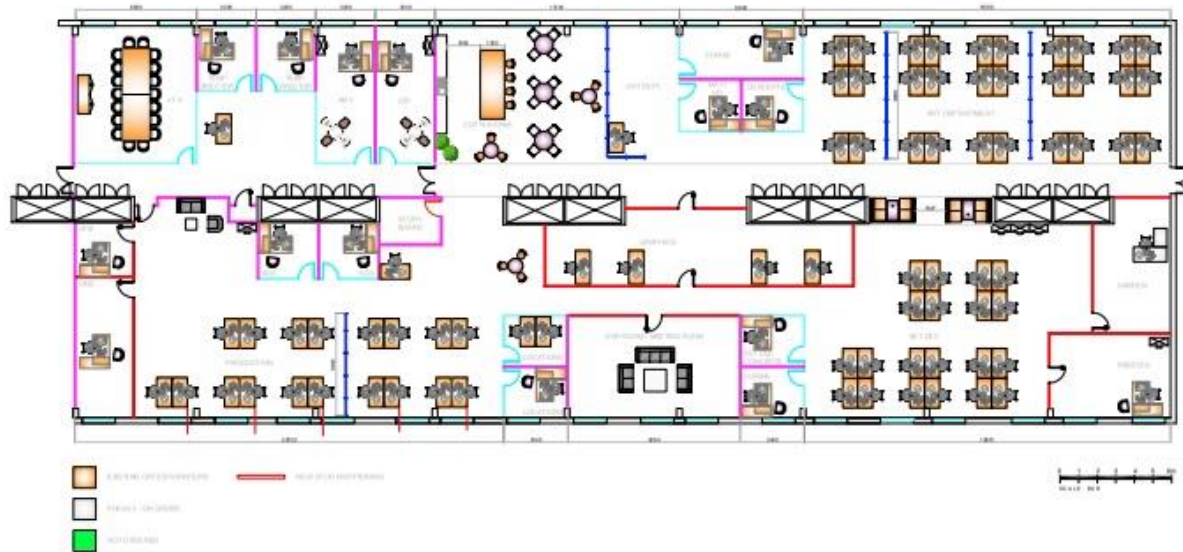

The challenge was to create a combination of open plan areas to allow for good communication along with quieter more individual space for group and individual discussion.

This was achieved by providing space for small teams using existing areas and the creation of new private space.

Open plan areas were provided with screens to allow for increase/decrease in team size along with booths to allow for informal team discussions.

Services Provided

Industry sector

Film and TV

Location

Reading

Project year

2021

Budget cost

£120,000
